

## **Neighborhood Map Project FAQ**

### **About the Project:**

- The City of Englewood worked with the Historic Preservation Commission to create a citywide neighborhood map for Englewood.
- The Historic Preservation Commission published the preliminary map in fall 2021 and asked for community members to provide feedback on the proposed neighborhood names and boundaries.
- The Historic Preservation Commission reviewed the survey results at its monthly meetings and made changes to the neighborhood map based on the feedback from survey responses, the open house and other historical information.
- The Englewood Neighborhood Map now shows the 40 neighborhoods throughout Englewood.

### **What makes this map official?**

- The Englewood City Council adopted the Englewood Neighborhood Map Monday, June 20, 2022.

### **How were the neighborhood names and boundaries decided?**

The Historic Preservation Commission (HPC) partnered with the city to create the Englewood Neighborhood Map. HPC referenced numerous names and other important historical resources when creating the map. The neighborhood names and boundaries combined historic subdivision names and modern-day locations of significance. HPC created multiple drafts of the neighborhood map and ultimately finalized the map you see today.

### **What's next?**

- The city would like residents to identify what neighborhood they live in
- The Neighborhood Resources Program will invite residents to register their neighborhood or neighborhood group. Learn more at [englewoodco.gov/neighborhoods](http://englewoodco.gov/neighborhoods)
- The city will begin installing neighborhood signage in neighborhoods. To learn more about the process, please visit [englewoodco.gov/neighborhoods](http://englewoodco.gov/neighborhoods)

### **Why do we need a neighborhood map? What is the benefit of having a neighborhood map?**

Englewood has many unique areas/neighborhoods that did not have formal names or boundaries. The neighborhood map will help citizens identify where they live, strengthen our community and preserve the city's diverse population.

### **Why did the city ask community members to submit feedback?**

Feedback from community members is vital during the public participation process. The city wanted to ensure the adopted neighborhood map is an accurate reflection of the city we know and love.

### **How were community members invited to submit feedback?**

1. Online survey at [englewoodco.gov/neighborhoodmap](http://englewoodco.gov/neighborhoodmap)
2. Paper survey at the Englewood Rec Center, Malley Rec Center and Englewood Public Library
3. Comments at [englewoodco.gov/neighborhoodmap](http://englewoodco.gov/neighborhoodmap)

4. Connected with Madeline Hinkfuss, Neighborhood Resources Coordinator, at [neighborhoods@englewoodco.gov](mailto:neighborhoods@englewoodco.gov) or 303.762.2396
5. Attended the open house on November 17, 2021

**Was feedback only welcomed from residents?**

No, we welcomed feedback from business owners, people who love Englewood, former residents, current residents, etc.

**When did the community engagement campaign run?**

Residents had the opportunity to give their feedback from October to December 2021.

**[Englewoodco.gov/neighborhoodmap](https://englewoodco.gov/neighborhoodmap)**

- Community members can learn more about the project
- View interactive neighborhood map that give users the ability to type in their address and find out what neighborhood they reside in
- Download the map illustration

**If residents have questions, who can they contact?**
